CUBA becomes her own mistress May 23th.

The "mashers" have become so obstreperous at Bowling Green as to necessitate an extra police to guard the church doors after services.

MR. BRYAN says there will be no difficulty about achieving harmony if the harmonizing is based on Democratic principles.

The workingman who voted two years ago for a "full dinner pail" will hardly be able to put much beef in it at the present high price.

An Illinois man who has never used tobacco or intoxicating liquors, and has been a Bible student all his life, is well preserved at 102. The good do not always die young, as this case attests.

Word comes from the Great Lake fisheries that never before were fish more abundant than this season, the big catches fairly straining the nets. Thus is there some compensation for the high price of meats.

The Twentieth Century edition of the Semi-Weekly Progress, published at Elkton, Ky., is on our exchange table. It is a handsome forty-page periodical and is a masterful piece of work typographically and otherwise.

SCIENTISTS say that there is 60 per cent. more nutriment in rice than in beef steak, and one pound of rice will go as far as five pounds of steak. Under such a state of case, what's the use in patronizing the meat trust?

A CHICAGO exchange remarks: "Now comes the wide-eyed Inter Ocean and propounds this conundrum: 'Is Republicanism a crime?' Giving the accused the benefit of the doubt, we should say that in Illinois it is simply a case of disorderly conduct."

It is reported that a South Carolina negro delivers excellent discourses while asleep, and his preaching is remarkably good. Sleeping preachers are somewhat of a novelty, but sleeping congregations are so numerous as to attract no attention.

For several years officers of the twenty-odd Lexington Investment Companies have been engaged in a mad-cap financial dance, and now that a grand jury has summoned half-hundred of them to step up to the captain's office and pay for the fiddling, that morning after, tired feeling is epidemic in the Bluegrass capital.—Times.

The Cynthiana Democrat, says: The "he" shirt waist has a companion this spring in the "she" neckcloth that winds around the jugular and falls in long, broad flaps over the manly bosom. A "he" shirt waist and a "she" neckcloth on a dandy in jeans trousers and muddy shoes is a combination just too cute for anything. You can meet it in Cynthiana.

GOV. DAVIS, of Arkansas, has pardoned a negro convicted for assault with intent to kill. The pardon is on condition the negro take up his residence in Massachusetts. The Governor says he is moved to this action by the expressions of sympathy for the "poor oppressed negro" which he heard in the North on a recent visit. Won't Gov. Beckham pardon some of the colored prisoners in the Kentucky pen, on the same conditions?

NEVER in recent years has public indignation been so aroused as it now has against the men who, through the failures of securities companies, are alleged to have robbed the citizens of Lexington and Fayette county of nearly \$1,000,000. Expressions that bode no good to the alleged offenders are frequently heard, and the indications are they will soon begin their exodus. Thirty-seven indictments for embezzlement against the former officers and manipulators of the defunct investment companies have been returned by the grand jury. The cases will come up in June, and if the opinions of those strictly on the inside are to be credited there will follow convictions enough to satisfy the indignation of the people who have been robbed of their money.

THE Louisville Times, says: We gave great chunks of sympathy to the soldier boys who had to eat embalmed beef during the war with Spain, and the revelations in the Beef Trust inquiry in Missouri furnish opportunity for us to sympathize with ourselves. One witness makes the shocking statement that "It (the meat) is in a decayed condition, has whiskers on it as we call it, and they are rubbed off. They then put a kind of paint on it and send it out in their own wagons and sell it to restaurants, hotels and even to private families." With packers feeding us his rite meat, dairymen selling us chemically-treated milk and artificially-colored oleomargarine, millers adulterating flour with white clay, and practically every "pure food product" full of deleterious, if not poisonous substances, it requires ingrate faith to say grace before partaking.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
